Washington—President Harding has passed back to congress full responsibility for enacting a soldier bonus bill.

The efforts of house republicans to secure his endorsement of the Fordney bill have failed. The house will go ahead and pass the bill. The senate may or may not adopt it. In any event, the question of the bonus bill is clearly, that congress would reserve decision until congress had acted.

This is the upshot of the conference held at the White House between the president and Chairman Fordney of the house ways and means committee, Chairman Campbell of the rules committee, Representative Longworth and other house leaders who have been insisting on the passage of a bonus bill despite the advice of Secretary Mellon of the treasury department and others in the executive branch of the government.

Mr. Harding's views on the question have been expressed again and again and even before the leaders came to the White House it was made plain that the president favored either a sales tax as a means of raising the revenue for a soldier bonus or the postponement of the question altogether.

Hughes Flatly Denies  
Any Secret Agreement  
Twixt U. S. and England

[BY ASSOCIATED PRESS.]

Washington—Presentation in the senate Tuesday of a letter from Secretary Hughes, denying flatly that any secret agreement exists for future British-American cooperation, led Tuesday to another effort by opponents of the four-power treaty to send it back to committee. The effort brought on a new debate.

The secretary's letter, characterizing suggestions of such an agreement as "absolutely false," was laid before the senate by Senator Lodge, the republican leader and a member of the arms delegation, who at the same time put into the record a telegram from Paul Cravath, New York attorney, denying the accuracy of a statement on the same subject attributed to him by Senator Borah.

Reiterating a denial made in a former communication, that any secret agreement existed with other powers in connection with the arms conference, Mr. Hughes wrote in Tuesday's letter that he hoped to see no further aspersions upon the veracity and honor of the American delegates.

The letter was sent to Senator Lodge for presentation to the senate. Senator Lodge also received a telegram from Paul Cravath, New York attorney, denying statements attributed to him by Senator Borah, republican leader, regarding the existence of the alleged secret understanding.

[BY ASSOCIATED PRESS.]

Madison—Governor Blaine was in conference Tuesday with administration floor leaders of both houses of the legislature preparing a course of action to be followed in handling bills that will be presented simultaneously in both houses, when the special session opens Wednesday.

Senator Herman J. Severson, Iowa, is to direct the governor's bills, calling for repeal of the secrecy clause and extension of sealed authority to the tax commission to investigate income tax returns in the upper house, Assemblyman John L. Dahl, Barron county, will direct the administration forces in the lower house.

Discusses Situation  
Lieut. Governor George F. Commings, president of the senate, attended Tuesday's conference with Senator Severson and Mr. Dahl. The legislative situation was discussed in detail for over two hours.

Opposition members also were starting to arrive Tuesday. Senator Ray J. Nye, Superior, was at his desk Tuesday morning. He is not yet prepared to express what stand he and other members who opposed repeal of the secrecy clause to the income tax law at the last session will take.

Administration forces are expected to have control of the assembly, where four opposition members are certain to be absent. Assemblyman Kenyon died recently. Assemblyman Matheson is in California. Assemblyman Perry resigned to become assistant federal prohibition director for Wisconsin, and Assemblyman Matheson has resigned to become postmaster of New Richmond.

PROGRAM MADE FOR

Madison—The Wisconsin legislature which meets here in special session tomorrow, to consider income tax matters after hearing the message of the governor, is expected to call on members of the tax commission to express their views on the proposed repeal of the secrecy clause of the income tax law, which has been extended to the commission to probe income returns over a period of six years.

Members have not previously expressed themselves on the matter and it is expected that the legislature in committee of the whole may desire to have first-hand information from the three members who are plotting the income tax of the state. Questioning may be directed to determine the estimated cost of the extension of carrying out Governor Blaine's suggestions.

The governor's 4,000 word message will be read to the legislators tomorrow.

Chicago—Edith Rockefeller McCormick, daughter of John D. Rockefeller, Sr., tracing the progress of women's organizations that are out of the machine to be sealed, testified the witness. "There was no change made in the ticket figures or in the tobacco."

Edith McCormick was questioned regarding the sampling by the company. Previous witnesses had sworn that the tobacco when taken from the case showed little or no evidence of ever having been sampled before.

"What did you do during the sampling?" "I took part in about half the sampling, taking the case covers off and then holding with breaking the bulks for the samplers," answered Flood.

"Did you see any evidence of 'breaks' or missing hands, from a previous sampling?" "The bulks were intact, and I did not see a single break among the cases that I helped with," replied the witness.

"Did you see bulks where it looked as if having been drawn out?" "No—not one."

Lawrence, Kan.—It may require the supreme court of the third main territory to decide whether the rights of Alice Hanson and Maude Buchanan, students at Vinland rural high school, extended three inches below their knees, and whether it was any of the Vinland school board's business, any how.

Judge Means, who a few weeks ago ruled that Alice and Maude could go back to school without lengthening their skirts, was asked to rule on the matter by the legal representatives of the Vinland school board. Judge Means ruled that the girls' skirts must extend three inches below their knees, and expelled the two girls on the contention that their skirts lacked the required length.

"The issue was made all the more vital by the fact that the dresses were made by the girls' mothers, farmers' wives."

## DOCTORS TO HAVE CAR PARKING ZONE

Council Takes Steps to Provide Special Sections on North and South Main.

Special automobile parking privileges for physicians will be provided within the next two weeks as a result of action taken by the city council Monday night, in instructing the city attorney to meet with the mayor and highway committee to draw up such an ordinance for introduction at the meeting April 2. A 50-foot space on either side of the 100-foot no parking zone on North Main street and 12 feet on either side of the similar zone on South Main street were suggested by Mayor T. E. Welsh as sufficient to meet the demands. Another suggestion was made for a doctors' car zone on South Jackson street.

The ordinance will provide that suitable posts be erected to keep all but doctors' cars out of the new spaces. Each physician will be required to provide a special mark for his machine to make it easily distinguishable to police as owned by a doctor. The matter was brought up by Mayor Welsh following the recent meeting of a doctors' car zone on South Jackson street.

Let's give 'em all an opportunity to study the bulletin."

## WILL SING SONGS OF THE GREEN ISLE

At the Myers theater Friday William Scanlan will sing a number of the beautiful melodies that have given the Irishman a distinct place in the musical literature of the age. The picture is a scene from the musical play "Irish Eyes."

100 candlepower street lights were ordered installed in front of 1402 Main avenue, and on Walnut street, midway between Elm and Riving streets. The motion was put through by Aldermen Horn and Harlow. First ward, with dissenting votes cast by Aldermen J. K. Jensen and George Jensen.

Alderman Jensen, chairman of the lighting committee, in explaining his position, "the lighting committee voted not to install any more lights than are needed to keep within our \$25,000 appropriation. Since that time I have turned down numerous requests for lights that I found upon investigation to be unnecessary. In order to maintain my attitude, I must vote against this measure."

"While there is a need of practicing economy," replied Mayor Welsh, "it is possible to increase the lighting fund from other funds. It is not necessary to abide by hard and fast rules."

"In that case I will have several petitions for new lights for presentation at the next meeting," said Alderman Jensen.

**To Fix Crossings.**  
Repair of Center avenue, at the intersection of the St. Paul tracks, and North Jackson street, at the intersection of the interurban tracks at Wall and West Main streets, was ordered in a resolution introduced by Alderman Harlow and passed. "It is hoped that the crossings are safe for cars traveling at lawful speed."

Alderman Horn introduced a resolution calling for the grading and repaving of the corners of three streets in the First ward—Highland, Purvis and Myra avenues.

"These are short streets where you can't even get through with a car now," he said.

"I noticed a piece in the Voice of the People tonight," said Ald. J. J. Dulin of the highway committee, "where they're having a kick up in Blackhawk again. They say trucks are getting stuck up there but I didn't see any resolution tonight from the aldermen from the Sixth, Seventh or Third wards offering them any street repairs. I'm in favor of putting Alderman Horn's request over two weeks and giving 'em all a fair run at that time. Then I suppose the Voice of the People will have some more to say."

"The aldermen are now on the track and I'd like to see the council order tonight the repair of Highland avenue," said Alderman Horn. "We can let the other two streets lay over if necessary."

The resolution, changed to specify only Highland avenue, was then passed.

E. H. Winters, federal narcotic agent, has been in and taken any action against Jurin and Wagner for long time they are to serve terms for years.

Wagner is well known in Janesville, having been in a number of mix-ups here several years ago.

**Makes a Family Supply of Cough Remedy**

Really better than ready-made cough syrups and saves about 75 cents a bottle.

If you combined the curative properties of every known "cough-cure," you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any drugstore 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gives relief at the cause of a cough and gives almost instant relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing. The Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs. To avoid disappointment, ask your druggist for 2 1/2 ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or your money promptly refunded. The Pinex Co., St. Wayne, Ind.

Cincinnati, Ohio.—"I suffered for a year with nervous troubles and irregularities before I took Lydia E. Pinkham's Vegetable Compound. My back pained all the time and I was unfit for housework. I was worn out if I cooked a meal and was unable to do my washing. My girl friends and my sister told me if I would take your Vegetable Compound and Liver Pills I would be relieved. After taking the first bottle I felt better, and neglected it awhile, but found I could not do my work until I was stronger. So I took the Vegetable Compound again and now I am the mother of a 19-month-old boy. He is fat and healthy and I am sure I could never have carried him if it had not been for your medicine. I recommend your medicine to all women although I am young to be advising some older women. Mrs. CHARLES PETROFF, 218 W. Liberty St., Cincinnati, Ohio.

**COMING OF SPRING ALWAYS FINDS HUNDREDS OF PEOPLE UNPREPARED FOR PLEASURES**

Scores of Local Folk Declare Truth of the Facts. Druggists, Lifeless Feeling. Headaches and Lills, So Frequent Now.

Does the coming of spring with all its pleasures mean anything to you? That all depends, may be your answer and admission. It all depends upon whether or not your system has withstood the exciting siege of winter that leaves in its wake so many thousands of people with completely rundown systems.

In fact, conspicuously in the minority are those who have completely avoided the ravages of winter maladies. True, there are thousands who escaped influenza, pneumonia and the more serious winter diseases, but WHO IS THERE THAT DID NOT EXPERIENCE AT LEAST ONE HEAVY WINTER COLD DURING THE PAST SEASON? Remember, only second-hand severity of influenza or pneumonia, is the heavy winter cough or cold.

Like influenza and pneumonia, winter colds tend to weaken and materially affect every vital organ of the body. People who have suffered a heavy winter cough, yet feel that their systems have escaped the strain of winter weather are sadly mistaken. If they could but grasp the facts, they would not wonder why they feel so tired, sluggish, lifeless and generally out of fix when they should be full of pep and vitality, in perfect harmony with the invigorating beauty and sunshine of the coming spring.

Hundreds of Janesville people are now taking Trutona to overcome this weakened physical condition, so prevalent at this time of winter and spring statements, may daily prove that none has been disappointed in Trutona as a reconstructive agency, system purifier and body invigorant. Trutona speedily attacks impurities in the blood which might, if left alone, bring serious results. It rebuilds broken-down tissues, strengthens the nerve centers and promotes proper digestion and assimilation of food at the same time throwing off any decayed matter that may have accumulated. In short, Trutona thoroughly and efficiently tones up every vital organ of the body and gives to your physical being the vitality which alone can place within your reach the many pleasures which spring offers to the healthy man or woman.

### MEAT SUPPLY LOW; \$30,000 PAVILION CAUTION IS NEEDED FOR GREEN COUNTY

**From a Shortage to a Disastrous Surplus Not a Long Step.**

"Sky high" prices for steaks and chops would confront the meat-consuming public of the country today if consumption should suddenly return to normal pre-war levels.

Prof. M. D. Holzer of the Iowa State College, adds further that the present below-normal demand for meat products is the only factor preventing an acute shortage from becoming evident and operative on the market.

February reports from the bureau of markets and crop estimates reveal an unusual situation in the packing house holdings of the country as compared with last year. Feb. 1, 1921, the packing houses had on hand 119,965,000 pounds of frozen beef. Feb. 1, 1922, the same date showed a decrease of practically 50 per cent, the present holding being estimated at 60,000,000 pounds. A similar situation prevails in the pork holdings. Dry salt pork in process of cure, has been reduced from 102,500,000 pounds, Feb. 1, 1921, to 33,500,000 pounds a week ago, a half as much. A still more striking decrease is shown in the frozen lamb and mutton holdings, which have shrunk from 78,000,000 pounds at the present time. However, the latter decrease is due in part to the waning popularity of frozen lamb.

Ordinarily the packers have their cellars full at this time of year Mr. Holzer says. While in Chicago, the shrinkage in packing house holdings compared with a year ago.

As far as the ultimate consumer is concerned, the only saving feature of the situation is the lighter demand for meat products. According to the bureau of animal industry the per capita consumption of beef in the United States has decreased a fraction over 100 pounds since 1910. However, while pork production in 1920 and 1921 fell considerably below the high record of 1910, home consumption was slightly greater.

Close analysis of the situation would indicate that livestock production would be a profitable enterprise for corn belt farmers at least for some little time. Market prices are at present at a high level and it is little wonder that the farmer is looking for immediate drastic downward breaks.

A word of caution is uttered by H. H. Kildee, head of the animal husbandry department of the college, when he states that livestock feeders and breeders are too apt to rush from one extreme to another. From a shortage to a disastrous surplus is not such a long step, especially in regard to pork production. Present conditions and the great numbers of brood sows are being bred and that the attractive corn and hog ratio may tend to encourage an over-speculation of the future hog market. Conservative breeding and feeding with careful weather eye on the market is advised by Mr. Kildee.

### Breeders and Business Interests Combine for Modern Stock Building.

Green county is preparing to erect a \$30,000 livestock sales and judging pavilion on the county fair grounds at Monroe, according to T. A. Hogg, secretary of the Green county Holstein association. The building is being financed under a system of farmers taking membership in the banks adding, and for every dollar raised in the membership campaign the fair board will give a similar sum.

The Green county men expect to raise \$20,000 among the farmers and business men and receive an additional \$10,000 from the fair association. The building in the neighborhood of the fair grounds is to be used for purposes similar to the proposed pavilion in Rock county—livestock sales, judging during the fair, and for livestock demonstrations.

With Green county having a pavilion, Rock will have neighboring counties on all sides having modern methods of selling livestock. The committee having charge of the proposed Rock county pavilion is preparing for the campaign to finance the building here, declared to be adequate to meet the demands of both the fair and the farmers.

### IMPROVE GRANDSTAND

In addition to the plans for the livestock pavilion, Green county plans to improve the grandstand at the fair grounds. A concrete stand is to be erected this summer in time for the fair this fall.

### Paid Fancy Prices

"I paid an international authority on diseases of the stomach \$1,500 and he didn't do me five cents' worth of good. I have been to various spas in Europe, as well as this country, and have spent fully \$30,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother had taken many of the Wonderful Remedy and I was so highly that I tried it and am now entirely rid of that trouble. It is a simple, harmless preparation that removes the catarrhal mucus from the stomach and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ### Have Circuit Sales for Holstein Cattle

Further plans for the Rock county livestock sales will be discussed Monday afternoon. The Rock county Holstein association now has a paid-up membership of 107, one of the largest in the state.

There will be a circuit of Holstein sales during May, the Rock county sale at the Janesville fair grounds being the first on the schedule. This sale will be held May 2; the Green county sale in Monroe May 3 and the Rock county sale May 4 and 5. The Sauk county sale at Reedsburg will be held May 6. At the combined sales 500 head of prize Holsteins will be offered.

Since this is the first county sale the Rock county officials are anxious that it be a good one, and will offer from 65 to 70 head of good cattle.

Busy Man's Sport Page

BY FRANK SINGLARI

Only two years ago the Edgerton Country club was formed. Now comes the announcement the Tobacco city will erect a club house and hire a professional business man to manage it. That is typical of the progressive way they do things over there.

The year 1922 should be another great season for tennis in the United States. The manner in which the Davis cup was won will mean 11 of the games will be played in this country. No greater boost for the game than this could be had. And Jamesville, which made a good start last year, will be among those places helped.

They say they never come back. Watch Hoppa, former cue champ, when he meets Schaefer at Chicago next Monday. Schaefer will have to go some to retain the title he won from Hoppa.

The rookies have had their training at the basketball camp. Another week and the world will know who among them and a lot of home town second-hand men will be selling a few well-worn and badly kicked traveling bags.

Who are the veterans of the major league? Here is a list of the men who have played better than 1,500 games. Cobb, 2,187; Collins, 2,091; Milan, 1,939; Speaker, 1,901; Bush, 1,861; Hooper, 1,757; Gardner, 1,632; McNinn, 1,579.

Amateur ball players around these parts, who have met the Rockford team, will remember the long, crack twirler, Bob is now with Birmingham, Ala., having gone there from Coffeyville of the Southwestern league after being turned out by the Pittsburgh Pirates.

The Industrial League, bowlers banquet, scheduled for next Monday night, has been postponed until Tuesday, March 28, because of another event on that night.

Twenty-year old Lillian Schamman of Brooklyn, N. Y., upset the top of the national indoor singles, tennis championship, which she defeated Mrs. Samuel Nelson, Ill. Boston, 6-2; 6-6; 6-4. Miss Schamman will probably meet Mrs. Mallory, national champion.

Pail Creek high school, whose basketball team won the district tournament at Eau Claire, has just a dozen boys in school, six of them on the team.

Scullins of St. Louis defeated the Todds of Brooklyn, N. Y., for the national soccer championship, 5-2.

Rockford made an impression in the Tri-state bowling tournament at Duquoin, Ill., which closed Monday night. The Grand Band B team of Rockford, three first tier in singles, doubles and five men events into a score but landed only fourth in the money. Withrop and Holub, Rockford, smashed the Tri-state record in the doubles.

Georges Carpentier signed an agreement to fight any British, American or French heavy or lightweight not later than Sept. 1.

Jack Dempsey, in Chicago Monday, said he would sail for Europe about April 11. He expects to defend his title there against Carpenter. Joe Beckett and some other fighter selected by Cochrane, London fight promoter.

THREE LOCAL DOGS ARE ENTERED IN CHICAGO SHOW

George W. Hilgendorf, 8, South Jackson street, will enter three of his kennel of thoroughbred Boston terriers in the Chicago Kennel club's annual show, March 30-31 and April 1. The dog carnival will be held in the First Regiment armory at 16th street and Michigan.

Hilgendorf's three entries will be "King Beauty," "Bingo Boy" and "Yankee Beauty." "Bingo Boy" is the latest addition to his kennel, having been purchased recently from Harold Amerolf.

"King Beauty" and "Bingo Boy" will also be entered at the dog show in the auditorium at Milwaukee, April 8-9, conducted by the Wisconsin Kennel club.

Regular Red Heavers Are Named by Pat

Chicago—Pat Moran has made public the names of the eight pitchers, who will be carried on the regular staff of the Cincinnati Reds. Eppa Rixey is the only pitcher. The others are Luque, Scott, Donohue, Couch, Mackle, Schnell and Gillespie.

Kid, Clarke, slatted over Sox success with the Giants, said he will begin within a week to allow his pitchers to travel, the full nine innings in exhibition games.

The Giants finish their training at San Antonio Friday, when they begin a barnstorm tour.

Both St. Louis clubs plan to leave their training camps this week, starting north for several exhibition games.

Miller Huggins is said to be sprouting a new crop of gray locks over the weakness of his Yankees. The outfield as it now stands, says one writer, amounts to a tragedy. The infield is inclined to look at important points and the pitching staff this far has failed in control. Mr. Huggins, therefore, is clinging to several rookies who otherwise would be on their way home.

Pin Meet Entries Coming Fast; Extend Closing

Entries for the annual Southern Wisconsin and Northern Illinois bowling tournament to be run off here the rest of the month and the first half of April, starting next week, have been extended to Saturday night. The reason is the absence of Dr. S. P. Richards, promoter, at the A. B. C. meet in Toledo last week.

According to Richards, the meet will be the largest ever held here. Regulators of high class have promised to perform on the "local" drives. He says, basing his assertion upon the list of early entries from out of town, the meet is sanctioned by the A. B. C. which will give medals for unusual scores.

Six members of the Wisconsin Bowling association executive committee have promised teams to aid the city in its pin aspirations. Wally Kuenzi, Watertown; Fred Line, captain of the famous Lins Waukegan; J. J. Kuehn, Madison; Dr. C. C. Ryan, Kenosha (last week elected vice-president of the A. B. C.); Hans Frank of the Frank Cafes, Waukegan; and last but not least, our old friend, State Secretary Bill Fenske, Milwaukee, are the men. Art Hicken, state member from Fond Du Lac, says he is coming with a rattling good five.

Wig, Home Runs of Aurora, which shot 387 for second in the recent Rockford meet; four teams from Chicago; three from Watertown; four from Rockford; three from Beloit; two from Kenosha; two from Waukegan; the seven from Milwaukee; 11 from Madison; one each from Delavan, Port Johnson, Darlen and Belvidere, have asked for dates, reports Richards.

He calls for Jamesville teams to get ready for the meet and boost. He promises a special Jamesville prize if they come in, no matter whether they roll into regular high money or not.

Three teams have already sent in entries for the tourney. They are the R. P. D's and the tank corps of Jamesville and the Beloit American legion. All other amateur squads in the two counties are urged to make application at once to Mr. Bergman at the Jamesville Y. M. C. A. The fee is \$2.

McNite Unable Continue Post; Says Too Busy

Mr. McNite is the originator of the local bowling league. When conditions appeared against him, he battled the plan and finally put it through the Elks who have been back of the scheme since the early part of 1921.
